EARLY REGISTRATION BASED ON PDGA RATING

Per 1.02(C)(2)(a) of the Competition Manual, an UNLIMITED number of players may register early based on their PDGA Player Rating if permitted by the Tournament Director.

For the 2021 LVC, this will start September 25, 2020, includes three tiers, and is limited to the MPO and FPO divisions only (see the Sign-Up Schedule provided on page 1). All players meeting the “PDGA Rating” criteria can register starting the Friday at USDGC (a goal was to associate this date to a well-attended “touring pro” event).

EARLY REGISTRATION BASED ON SPONSORSHIP OR VOLUNTEERING

Per 1.02(C)(3)(d) of the Competition Manual, a LIMITED number of players may register early based on an affiliated club membership, an event sponsorship, or volunteer services if permitted by the Tournament Director. No more than one-third (33%) of the professional spots, no more than one-third (33%) of the amateur spots, and no more than 50% of an offered division may be allocated for these early registrations.

The 2021 LVC lists division caps (see the Field Limits & Course Grouping on page 1). The posted cap includes 571 players, 303 being professional and 268 being amateur. Therefore, no more than 190 spots (101 professional and 89 amateur) will be allocated for Sponsor/Volunteer early registration.

For the 2021 LVC, this will start October 16, 2020, includes six tiers (see the Schedule on page 1). Known Sponsors/Volunteers will be contacted a week prior the opening of their registration tier so they can identify each allocated spot by division. All individuals meeting the “Volunteer Exemption” criteria can register starting the Friday of our local Halloween Classic event (to associate this date to a well-attended “helpers” event).

The Open to All registration date, November 27, 2020, was also specifically selected to avoid conflicts with other events that might have extra-curricular activities occurring on a Friday night, and make the date easily recognizable. Almost all divisions fill within minutes of when registration Opens to All. Some division caps are adjusted when divisions are not filled. (See below for the timing of FPO to MPO spot transfers.)

FPO to MPO SPOTS

(As the tournament date nears, some unused FPO spots transfer to the MPO division, and individuals on the MPO waitlist will be invited to register for the event based on that transfer.)

<u>Date</u>	<u>Criteria</u>
1/7/21	If 20 or more FPO spots are vacant, the value greater than 20 will be transferred to MPO
1/14/21	If 16 or more FPO spots are vacant, the value greater than 16 will be transferred to MPO
1/21/21	If 12 or more FPO spots are vacant, the value greater than 12 will be transferred to MPO
1/28/21	If 8 or more FPO spots are vacant, the value greater than 8 will be transferred to MPO
2/4/21	If 4 or more FPO spots are vacant, the value greater than 4 will be transferred to MPO
2/11/21	If any FPO spots are vacant, all will be transferred to MPO.
