EARLY REGISTRATION BASED ON PDGA RATING

Per 1.02(C)(2)(a) of the Competition Manual, an UNLIMITED number of players may register early based on their PDGA Player Rating if permitted by the Tournament Director. This will start October 1, 2021, includes four tiers, and includes all professional divisions (see the Sign-Up Schedule provided on page 1).

EARLY REGISTRATION BASED ON SPONSORSHIP OR VOLUNTEERING

Per 1.02(C)(3)(d) of the Competition Manual, a LIMITED number of players may register early based on an affiliated club membership, an event sponsorship, or volunteer services if permitted by the Tournament Director. No more than one-third (33%) of the professional spots, no more than one-third (33%) of the amateur spots, and no more than 50% of an offered division may be allocated for these early registrations.

The 2022 LVC lists division caps (see the Field Limits & Course Grouping on page 1). The posted cap excluding the Elite Pool includes 366 players - 182 being aged-professional and 184 being amateur. Therefore, no more than 121 spots (60 aged-pros and 61 ams) will be permitted early registration based on the Sponsor/Volunteer PDGA allotment.

Early registration tied to PDGA Rating is exempt from these limits, so some divisions could fill before other registration Tiers start, including the "Open to All" Tier on November 26, 2021. This happened to the MP60 division last year.

Early registration for sponsors and volunteers will start October 15, 2021, and includes six tiers (see the Schedule on page 1). Known Sponsors/Volunteers will be contacted a week prior the opening of their registration tier so they can identify each allocated spot by division. Up to 40 or so individuals meeting the "Volunteer Exemption" criteria can register starting the Friday of our local Halloween Classic event (date tied to a well-attended "helpers" event).
