V1 - Posted 9/30/26

Majoresque Requirements

Policy

PDGA Approval

Discussion

Caddie Limit

Waiver approved for 4.03

Only the player's DESIGNATED CADDIE may walk with the group and must wear the caddie badge (or caddie bib, if provided) given to the player. All other attendees are "spectators" and must remain within the assigned Spectator Areas.

Check-In for Event

Already required via 1.04

GENERAL CHECK-IN for all players is required at least two hours before your Thursday tee time. Event Check-In is located within the Banquet Room. Any player who does not check in shall forfeit their official place and entry fee.

Check-In before Tee

Already required via 1.04

TEE TIME CHECK-IN for all players is required with their Course Starter no less than 5 minutes prior to their tee time each day and be present at starting hole for the 5 minutes preceding your tee time. Players who do not check in with the starter by this time or who are not present at starting hole for the 5 minutes preceding your tee time receives a two-throw penalty. Missing your designated tee time is par plus four for the first hole.

Dress Code

Waiver not required

DRESS CODE for all players and their assigned caddies is required per CM 4.04 (dress appropriately and to maintain a clean and well-groomed appearance). A waiver is not necessary from the PDGA since Wildhorse is a private facility.

Scoring

Already required via 808

SCORING by each player on an independent scorecard after each hole for the entire group is required. A player who refuses to keep score will be disqualified. Players may delegate scorekeeping duties only to their designated caddie.

Smoking Areas

Waiver approved for 4.04

SMOKING is permitted in the designated smoking areas for all individuals present, and is limited to parking lots, streets and service roads, outside balconies, and within 30 feet of any restroom or port-a-potty. Pace of play rules still apply.

Speed of Play

Already required via 3.02

SLOW PLAY will be not allowed. All competitors shall play without undue delay and make every effort to keep up with the group in front of them and not cause undue delay that affect the pace of play of the group behind them. The rules permit you to check for wind, use rangefinders, change discs, discuss options with your caddie, etc., but within 30/45 seconds. The 30/45 seconds starts when a reasonable amount of time is given to arrive at and determine the lie, and the playing area remains clear. Loud or annoying noises do not reset the 30-second clock. A player causing undue delays should be issued an excessive time violation. Players are expected to promptly call a violation when one has clearly occurred. If a group causes undue delay or refuses to enforce rules is a courtesy violation and may be issued a tournament warning for overt failure or refusal to enforce rules.
